

**FREEDOM
TO
MOVE** DESIGNED TO THINK,
BUILT TO CLEAN.

FREEDOM LITE

1 CLEANS SMART, FILTERS DEEP, SHOWS IT CLEARLY

Equipped with a high-performance **Lithium-Ion battery**, it efficiently cleans the floor, walls, and waterline for up to 3 hours. Its front and rear brushes, combined with a **dual-level filtration**, capture both large debris and the finest particles. Featuring **intelligent sensors**, it follows optimized and methodical movement patterns, ensuring thorough and intelligent pool cleaning.

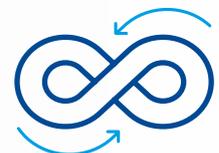

2 EASY CONTROL FOR TRUE PEACE OF MIND

Cordless, compact, and lightweight, it is easy to carry and handle, while its transparent window allows you to check the filter at a glance. With **5 cleaning modes**, including customizable **multi-day scheduling**, the robot adjusts the duration and frequency of cycles according to your needs. Connected via Wi-Fi, it is easily controlled through the Fluidra Pool® app for an even more intuitive experience.

3 AGILE BY DESIGN AND ADAPTED FOR ANY POOL

Its intelligent sensors allow it to smoothly manage obstacles and ensure full compatibility with any configuration. Equipped with 2 traction motors and powerful brushes, it delivers stable and precise navigation, while optimizing cleaning coverage. Its intelligent sensor-guided S-pattern trajectory covers every corner of the pool.

CHARACTERISTICS

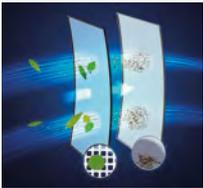

S-PATTERN

Smart back-and-forth navigation on the pool floor for optimized cleaning of rectangular pools.

MULTI-DAY

Pre-set cleaning recurrences for a worry-free maintenance over several days.

DUAL STAGE FILTRATION

Allows for the effective suction of even the finest debris.

FLUIDRA POOL® APP

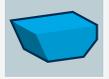

- Battery charge status
- End-of-cycle notification
- Cleaning mode settings
- Automatic robotic cleaner updates

WHAT TYPE OF POOLS?

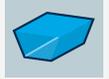

1 FOR IN-GROUND AND ABOVEGROUND POOLS WITH RIGID WALLS

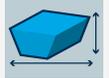

2 ALL SHAPES OF POOLS

3 ALL FLOOR TYPES AND SURFACES*

4 SIZE UP TO 15 X 5 M

5 CLEANING OF THE FLOOR, WALLS AND WATER LINE

*In pools with very steep slopes, changing the cleaning pattern might be necessary (via app). For optimal cleaner behavior in slippery pools it might be necessary to install a special kit (provided with the robot)

TECHNICAL INFORMATION

Number of motors	3
Cleaner dimensions (W x D x H)	43x38x23 cm
Cleaner weight	8,2 Kg
Cleaning cycles	Floor/walls/waterline
Surface area of filter	900 cm ²
Filter capacity	4L
Filtration	Dual stage filtration 3/180µ
Cleaning width	15 cm
Battery	Lithium-ion / 10 400 mAh
Drive system	Tracks
Transmission	Gears
Safety	Out-of-water safety, electronic motor protection

INCLUDED ACCESSORIES

Charger

Dual filter canister
Filter 3µ / filter 180µ

Universal hook
for assistance in removing
from water

A wireless robotic cleaner equipped with a high-power lithium-ion battery offering expert cleaning without intervention. **Highly efficient, easy to handle and cable-free**, it is **remarkably agile** and gets into the tightest of corners on all types of pool surfaces. The **Fluidra Pool®** application enables greater control and improved monitoring of the battery status.
